Career Objective

To obtain a position as a Data analyst where I can utilize my strong skills in Python,, SQ, and other technologies to design efficient software solutions, contribute to organizational growth, and enhance my professional development through hands-on experience.

Professional Summary

Enthusiastic and self-motivated BCA student at Alliance University with a solid foundation in programming, data structures, and software engineering principles. Passionate about developing innovative solutions and learning emerging technologies like machine learning and data analytics. Adept at working independently and collaborating in team environments to achieve project success.

Education

Bachelor of Computer Applications (BCA)
Alliance University, Bangalore
Year of Graduation: 2028

Academic Coursework

- Programming in Java and Python
- Database Management Systems (DBMS)
- Web Technologies
- Software Engineering
- Data Structures and Algorithms
- Machine Learning Fundamentals

Technical Skills

- Programming Languages: Python, Java, SQL
- Web Technologies: HTML, CSS (basic)
- Database Management: MySQL
- Tools & IDEs: VS Code, Eclipse, Jupyter Notebook
- Operating Systems: Windows, Linux (basic)
- Other Skills: Git, GitHub, Data Visualization with Python

Projects

- **Java Project on Walmart**

  Developed a Java-based application simulating an e-commerce platform. Designed modules for product catalog, shopping cart, and billing system. Integrated SQL database for data storage and retrieval.

- **Machine Learning Mini Project**

Built a small ML model to predict data trends using Python. Used NumPy, Pandas, and Scikit-learn for data preprocessing and training. Achieved high accuracy in prediction using a supervised learning algorithm.

Certifications & Achievements

- Completed online training in Python Programming (Coursera/YouTube Self-Learning).
- Won 2nd place in Inter-College Coding Challenge (2024).
- Regular participant in Hackathons and Tech Club events.

Soft Skills

- Strong analytical and problem-solving skills
- Excellent teamwork and collaboration
- Good verbal and written communication
- Time management and adaptability
- Self-motivated and eager to learn

Career Interests

- Software Development
- Machine Learning and AI
- Web and Database Design
- Mobile Application Development
- Data Analytics

Languages

- Kannada – Fluent
- Telegu – Fluent
- English – Fluent
- Tamil – Fluent

Extracurricular Activities

- Member of the University Coding Club
- Participated in inter-college cricket tournaments
- Volunteered in cultural events and student activities

Hobbies & Interests

- Playing cricket
- Binge-watching series
- Exploring new places

Profile Summary

A motivated and passionate BCA student with a strong interest in software development, programming, and emerging technologies. Skilled in coding, data analysis, and problem-solving, with an eagerness to learn and contribute to impactful projects.
